Library of Congress Cataloging-in-Publication Data
Names: Olson, Kenneth R. (Kenneth Ray), 1947- author. | Morton, Lois Wright, 1951- author.
Title: Managing Mississippi and Ohio River landscapes / Kenneth R. Olson, Lois Wright Morton.
Description: Ankeny, Iowa : Soil and Water Conservation Society, [2016] | Includes index.
Identifiers: LCCN 2016023855| ISBN 9780985692315 (hardcover) | ISBN 0985692316 (hardcover)
Subjects: LCSH: Watersheds--United States. | Mississippi River Watershed. | Ohio River Watershed.
Classification: LCC GB990 .O47 2016 | DDC 333.730977--dc23
LC record available at https://lccn.loc.gov/2016023855

The Soil and Water Conservation Society is a nonprofit scientific and professional organization that fosters the science and art of natural resource management to achieve sustainability. The Society's members promote and practice an ethic that recognizes the interdependence of people and their environment.

CONTENTS

List of Figures *vii*

List of Maps *xiii*

Foreword *xv*

Acknowledgements *xvi*

Chapter 1. Management of Mississippi and Ohio River Landscapes 1

Chapter 2. Geologic and Climatic Impacts on Ancient Mississippi and Ohio River Systems 8

Chapter 3. How Realigned Ancient Rivers Influenced the Border Locations of Eight Central States 17

Chapter 4. Multifunctional Bottomlands: Sny Island Levee Drainage District 25

Chapter 5. Conversion of Missouri's Big Swamp to Fertile Agricultural Land 32

Chapter 6. Upland Diversions and Bottomland Drainage Systems: Intended and Unintended Consequences 42

Chapter 7. St. Johns Levee and Drainage District Attempts to Mitigate Internal Flooding 52

Chapter 8. Flooding and Levee Breach Impacts on Protected Agricultural Lands 61

Chapter 9. Impacts of 2008 Flooding on Agricultural Lands in Illinois and Indiana 69

Chapter 10. Impacts of 2011 Induced Levee Breaches on Agricultural Lands of the Mississippi River Valley 76

Chapter 11. Repair of the 2011 Flood-Damaged Birds Point–New Madrid Floodway 83

Chapter 12. Settlement and Land Use Changes in the New Madrid Floodway 90

Chapter 13. Impact of Levee Breaches, Flooding, and Land Scouring on O'Bryan Ridge Soil Productivity 98

Chapter 14. The 2011 Ohio River Flooding of the Cache River Valley in Southern Illinois 108

Chapter 15. Impacts of the 2011 Len Small–Fayville Levee Breach on Private and Public Illinois Lands 114

Chapter 16. The City of Cairo, Illinois, at the Confluence of the Mississippi and Ohio Rivers 123

Chapter 17. Managing River Pressure from the 2011 Record Flood on Ohio and Mississippi River Levees at Cairo 132

Chapter 18. Navigation and Flooding on the Ohio River 141

Chapter 19. Managing the Tennessee River Landscape 150

Chapter 20. Managing the Cumberland River Landscape 159

Chapter 21. Managing the Upper Mississippi River to Improve Commercial Navigation 165

Chapter 22. Dredging of the Fractured Bedrock-Lined Mississippi River Channel at Thebes, Illinois 176

Chapter 23. The Illinois Waterway Connecting the Mississippi River and Great Lakes 182

Chapter 24. Soil Degradation and Flooding Risk Decision Making in Leveed Agricultural Landscapes 193

Chapter 25. Managing Ohio and Mississippi River Landscapes for the Future 202
