

A Special Seminar

The Renewable Fuels Standard

Panel Presentation and Discussion: **Pros, Cons, Challenges, Unintended Consequences and Regulatory Activities**

Presenters:

- **Paul Argyropoulos**

Paul is a Senior Policy Advisor in EPA's Office of Transportation & Air Quality. He will provide an overview of regulatory activities related to renewable fuels.

- **Mike Formica**

Mike is Director of Environmental Policy with the National Pork Producers Council. He will provide the perspective of animal agriculture on the impacts associated with renewable fuel production.

- **Bob Looney**

Bob is Vice President of Governmental Affairs in the Washington, D.C. office of CHS Inc. He will provide a distributor's perspective on the renewable fuels issue.

- **Britt Lundgren**

Britt is an Agriculture Policy Specialist with the Environmental Defense Fund's Land, Water and Wildlife Program. She will provide an environmentalist's perspective on the renewable fuels issue.

- **Rod Snyder**

Rod is the Director of Public Policy for the National Corn Growers Association. He will provide the perspective of a producer's responsible for generating renewable fuel feedstock.
