

CONTRIBUTORS

Authors

David Archer is a research agricultural scientist (agricultural economist) at the Northern Great Plains Research Laboratory, Agricultural Research Service, U.S. Department of Agriculture, Mandan, North Dakota.

Sandra S. Batie is a professor and holds the Elton R. Smith Chair in Food and Agricultural Policy in the Department of Agricultural, Food and Resource Economics, Michigan State University, East Lansing.

Klaas Broersma is the former watershed lead at the Watershed Evaluation of BMPs (WEBs) Salmon River site, Research Branch, Agriculture and Agri-Food Canada, Kamloops, British Columbia.

Lien Chow is the watershed lead, Watershed Evaluation of BMPs (WEBs) Black Brook site, Research Branch, Agriculture and Agri-Food Canada, Fredericton, New Brunswick.

Lucy Clearwater is a communications specialist for Agriculture and Agri-Food Canada's Watershed Evaluation of BMPs (WEBs) Project, Agri-Environment Services Branch, Regina, Saskatchewan.

Craig Cox is the senior vice-president for agriculture and natural resource at the Environmental Working Group, Ames, Iowa.

Lisa Duriancik is coordinator of the Conservation Effects Assessment Project, Natural Resources Conservation Service, U.S. Department of Agriculture, Washington, DC.

Arthur J. Gold is a professor in the Department of Natural Resources Science, University of Rhode Island, Kingston.

Peter M. Groffman is a senior scientist at the Cary Institute of Ecosystem Studies, Millbrook, New York.

Jim Gulliford is the executive director of the Soil and Water Conservation Society, Ankeny, Iowa.

D. Brook Harker is manager of Agriculture and Agri-Food Canada's Watershed Evaluation of BMPs (WEBs) Project, Agri-Environment Services Branch, Regina, Saskatchewan.

Dale Hebb is the watershed lead at the Watershed Evaluation of BMPs (WEBs) Thomas Brook site, Research Branch, Agriculture and Agri-Food Canada, Kentville, Nova Scotia.

Matthew J. Helmers is an associate professor in the Department of Agricultural and Biosystems Engineering, Iowa State University, Ames.

John R. Hendrickson is a research rangeland management specialist with the Northern Great Plains Research Laboratory, Agricultural Research Service, U.S. Department of Agriculture, Mandan, North Dakota.

Douglas Jackson-Smith is an associate professor of sociology at Utah State University, Logan.

Catherine L. Kling is a professor of economics at Iowa State University, Ames.

Richard L. Knight is a professor in the Department of Human Dimensions of Natural Resources, Colorado State University, Fort Collins.

David R. Lapen is the watershed lead at the Watershed Evaluation of BMPs (WEBs) South Nation site, Research Branch, Agriculture and Agri-Food Canada, Ottawa, Ontario.

Matt Liebman serves as the Henry A. Wallace Chair for Sustainable Agriculture and is a professor of Agronomy at Iowa State University, Ames.

R. Richard Lowrance is an ecologist at the Southeast Watershed Research Laboratory, Agricultural Research Service, U.S. Department of Agriculture, Tifton, Georgia.

Jim Miller is the watershed lead at the Watershed Evaluation of BMPs (WEBs) Lower Little Bow River site, Research Branch, Agriculture and Agri-Food Canada, Lethbridge, Alberta.

Laura R. Musacchio is an associate professor of landscape architecture, landscape ecology, and urban ecology in the Department of Landscape Architecture, University of Minnesota, Minneapolis.

- Pete Nowak** is a professor at the Nelson Institute for Environmental Studies, University of Wisconsin, Madison.
- R. Neil Sampson** is president of Vision Forestry LLC, Alexandria, Virginia.
- Robert W. Sampson** is state conservation engineer with the Natural Resources Conservation Service, U.S. Department of Agriculture, Boise, Idaho.
- Gretchen F. Sassenrath** is a plant physiologist and lead scientist in the Crop Production Systems Research Unit with the Agricultural Research Service, U.S. Department of Agriculture, Stoneville, Mississippi.
- Jeanne Schneider** is a research meteorologist in the Great Plains Agroclimate and Natural Resources Research Unit at the Grazinglands Research Laboratory, Agricultural Research Service, U.S. Department of Agriculture, El Reno, Oklahoma.
- Lisa Schulte** is an associate professor of landscape ecology in the Department of Natural Resource Ecology and Management, Iowa State University, Ames.
- Terrie Scott** is the assistant manager for the Watershed Evaluation of BMPs (WEBs) Project, Agri-Environment Services Branch, Agriculture and Agri-Food Canada, Winnipeg, Manitoba.
- Andrew Sharpley** is a professor in the Department of Crop, Soil and Environmental Sciences, University of Arkansas Division of Agriculture, Fayetteville.
- Adel Shirmohammadi** is associate dean/associate director of the Maryland Agricultural Experiment Station College of Agriculture and Natural Resources, University of Maryland, College Park.
- Valerie Stuart** is the communications lead for the Watershed Evaluation of BMPs (WEBs) Project, Agri-Environment Services Branch, Agriculture and Agri-Food Canada, Winnipeg, Manitoba.
- Eric van Bochove** is the watershed lead at the Watershed Evaluation of BMPs (WEBs) Bras d'Henri/Fourchette site, Research Branch, Agriculture and Agri-Food Canada, Quebec City, Quebec.
- Todd Walter** is an associate professor in the Department of Biological & Environmental Engineering, Cornell University, Ithaca, New York.
- John D. Wiener** is a former attorney and a geographer and research associate at the Institute of Behavioral Science, University of Colorado, and Research Applications Laboratory, National Center for Atmospheric Research, Boulder, Colorado.
- Jim Yarotski** is the watershed lead at the Watershed Evaluation of BMPs South Tobacco Creek site, Agri-Environment Services Branch, Agriculture and Agri-Food Canada, Regina, Saskatchewan.
- Jeffrey Zinn** is a retired specialist in natural resource policy with the Congressional Research Service, Library of Congress, Washington, DC.

Organizing Committee

- Pete Nowak**, University of Wisconsin-Madison (chair)
- Craig Cox**, Environmental Working Group
- Max Schnepf**, Soil and Water Conservation Society
- Dewayne Johnson**, Soil and Water Conservation Society
- Lisa Duriancik**, U.S. Department of Agriculture, Natural Resources Conservation Service
- Mary Ann Rozum**, U.S. Department of Agriculture, National Institute of Food and Agriculture
- Tom Moorman**, U.S. Department of Agriculture, Agricultural Research Service
- Roberta Parry**, U.S. Environmental Protection Agency
- Mike Woodside**, U.S. Geological Survey
- Jan Boll**, University of Idaho
- Deanna Osmond**, North Carolina State
- Hannibal Bolton**, U.S. Fish and Wildlife Service
- Brook Harker**, Agriculture and Agri-Food Canada
- Marilyn Buford**, U.S. Department of Agriculture, Forest Service
- Michele Schoeneberger**, U.S. Department of Agriculture, Forest Service
- Alison Goss-Eng**, U.S. Department of Energy
- Virginia Guzman**, U.S. Department of Agriculture, Risk Management Agency
- Doug Karlen**, U.S. Department of Agriculture, Agricultural Research Service
- Dave DeGeus**, The Nature Conservancy
- Ann Sorensen**, Northern Illinois University
- Tom Buman**, Agren, Inc.
- Charlie Schafer**, Agri-Drain
- Cathy Kling**, Iowa State University
- Peter Groffman**, Cary Institute of Ecosystem Studies
- Roger Claassen**, U.S. Department of Agriculture, Economic Research Service
- Richard Iovanna**, U.S. Department of Agriculture, Farm Service Agency
- Richard Lowrance**, U.S. Department of Agriculture, Economic Research Service
