Below you will find information regarding your oral presentation.

**PRESENTER DETAILS**

- All oral presenters must be available on scheduled day between August 31 and September 1, 2022, to present live in person.
- Oral presentations are 20 minutes: 15 minutes for presentation and 5 minutes for Q&A. Please note that the sessions are on a strict schedule, so the moderator and tech volunteer have the authority to stop the presentation at the session end time, if needed.
- IDS will provide a moderator and tech volunteer in your session.
- The meeting rooms are equipped with Internet, audio, lectern, wireless microphone, AV cart, laptop, screen, projector, extension cord, and a slide advance remote. Please note that all presenters are required to utilize the laptop provided in the meeting room.
- Please bring an appropriate-length PowerPoint (not to exceed 25 slides) on a USB drive to the event. Remember to consider limiting text on slides and including meaningful graphics and representative images. Handouts are welcome but are your responsibility. We advise you to report to your presentation room no less than 15 minutes prior to the first session start time.
- You are strongly encouraged to submit an extended abstract this summer. Only submitted extended abstracts will be included in the published conference proceedings, which will be accessible through the ASABE Technical Library. Additional information will be provided at a later date.
