We are excited to announce that applications are now being accepted for the 75th Soil and Water Conservation Society’s (SWCS) International Annual Conference Student Moderator Program!

If you’ve ever thought about experiencing the SWCS International Annual Conference in a hands-on, behind-the-scenes learning capacity, this program may be for you! SWCS will be selecting up to 10 full-time student members of SWCS with a major in conservation and/or environmental affairs to assist with breakout session moderation and room support. In exchange, SWCS will cover conference registration and three hotel room nights for each participant. In addition, students will be granted an all-access pass to attend conference activities when not assigned to a breakout session.

The application deadline is **May 1, 2020**. Read [full program details and apply](#).

Thank you to our student moderator program sponsor, Association of Retired Conservation Service Employees (ARCSE), for making this possible. Visit [www.arcsce.org](http://www.arcsce.org) to learn more information about their organization.
